

Free Online Tutor Training Modules

Provide online training based on CRLA's guidelines to your higher ed peer tutors.

These training modules are designed in accordance with CRLA's International Tutor Training Program Certification (ITTPC) Level 1 standards.

The Basics

Tutoring Ethics

Effective Communication

Learning Strategies

Easily train all of your tutors in an online, self-paced environment.

- Free for any higher-ed tutoring programs
- Modules can be used independently or collectively.
- Can count towards the asynchronous components of Level 1 CRLA Certification

The free training modules are used by more than 300 colleges and universities.

Free Online Tutor Training Instructions

Our asynchronous tutor training modules are 100% free for you and your tutors. The training includes 5 hours of CRLA's ITTPC Level 1, and all modules can be used independently or collectively.

You do not need to be a Knack partner to use these modules.

If you are interested in viewing the modules, below are instructions to walk you through the platform:

1. Visit peertutortraining.com

- If you have not yet created an account, click ****Get started,**** Select ****School admin,**** and enter the requested information
- If you already have an account, click ****Log in****

2. Under the ****My Tutors**** tab:

- Click ****Invite more tutors**** (top right in blue) to enter email addresses of those tutors who will enroll in and complete the training modules.
- View the list of invited tutors who have created accounts. Shown beside each student's name is their overall progress. Click on the student's name to view their progress within each module as well as a report (click ****View report****) of their responses within each lesson and module.

3. Under the ****Required modules**** tab:

- Click the X beside each module you will require your tutors to complete. The X will become a check mark once selected.

4. Under the ****Modules**** tab:

- This tab is the only view your invited tutors will see once they sign in.
- You may test the modules yourself under this tab in your account.
